

October 1, 1998

Mr. Richard S. Geib  
American Additive Company  
5915 North Broadway  
Denver, CO 80216

Dear Mr. Geib:

This is in reply to your request for compound authorization received on September 19, 1998, for your product Locomotive Cleaner.

This product is acceptable as a general cleaning agent on all surfaces, or for use with steam or mechanical cleaning devices in all departments of official establishments operating under the Federal meat, poultry, shell egg grading, and egg products inspection programs.

Before using this compound, food products and packaging materials must be removed from the room or carefully protected. After using this compound, surfaces must be thoroughly rinsed with potable water.

Acceptance of compounds by this Department is in no way to be construed as an endorsement of the compounds or of any claims made for them.

If any change is made in the labeling information or formulation, the authorization for use in official plants becomes void immediately.

Sincerely,

  
John M. Damaré, Chief  
Compounds and Packaging Branch  
Product Assessment Division
